Dear Mary,

Thank you so much for bringing joy to boys and girls through your recent gift of \$300.00 to The Home for Little Wanderers!

At this time of year, especially, we want the children and youth we serve to have ample opportunities not only for classroom learning, but for the healing power of play. Positive, engaging activities can be extremely therapeutic for kids struggling to overcome the trauma they have known.

But being able to afford the “extras” that light up eyes throughout The Home’s community-based and residential programs is not easy without the kindness and support of friends like you.

I truly appreciate your presence in their lives! By opening your heart to our region’s most vulnerable children, you’ve helped them experience the magic of the season – the best holiday gift some may have ever known. Thanks again.

Happy Holidays!
